

Martini dECO BLADES

Acoustic blades suspended with VERTO™ hanging system

A large, light blue, stylized lowercase 'm' graphic that spans across the bottom of the page.

CSR

dECO Blades

dECO Blades has been designed to reduce and control reverberated echo noise within interior spaces.

- Unique, modern designs for bespoke design effects.
- Blades are available in 22 colours in the dECO Felt colour range with a choice of black or white core.
- Modular blade system is engineered and designed to reflect distinctive harmonised sounds.
- Patented snap-on blade technology makes installation quick and easy.
- Installed on the VERTO™ hanging channel system direct fix or suspended.

Applications

dECO Blades are designed for interior walls and ceilings in commercial interiors such as offices, schools, restaurants, and health care facilities. Not suitable for external use.

Environmental Benefits and Credentials

Manufactured from thermally bonded polyester fibre with up to 80% recycled fibre content from post-consumer PET packaging such as empty drink bottles.

- GreenTag^{Cert™} certified
- Environmental Product Declaration (EPD) Certified in accordance with ISO 14025
- Product Health Declaration (PHD) certified
- Declare certified
- Suitable for Green Star™ projects
- No red list chemicals are present
- No ozone-depleting gases are used during the manufacturing process
- Safe, non-irritant, non-toxic, and non-allergenic
- Products are 100% recyclable
- High reuse potential

Martini's Product Stewardship Program can be viewed at www.csrmartini.com.au
