Aluminium framing system for use with dECO Quiet Panel

---

A large, light blue, stylized lowercase 'm' graphic that spans across the bottom of the page.

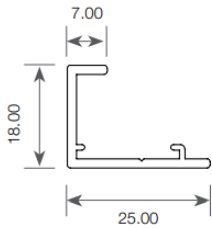

CSR

## dECO Edge

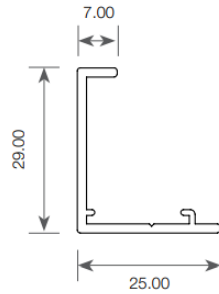

An aluminium framing system used in conjunction with dECO Quiet Panel. Available in three thicknesses and three colours, it's easy to install and provides a modern, stylish finish.

- Designed for 15mm, 25mm and 50mm dECO Quiet Panel.
- Available in Clear Anodised, Flat White and Matt Black.
- Custom colours available to order (lead times apply).
- Ability to purchase in lengths.

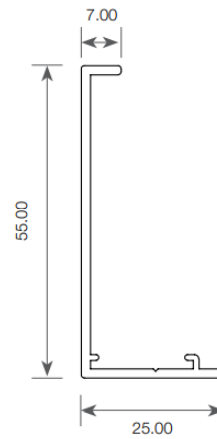

## Profiles

dECO Edge 12mm

dECO Edge 25mm

dECO Edge 50mm

## Edge Details

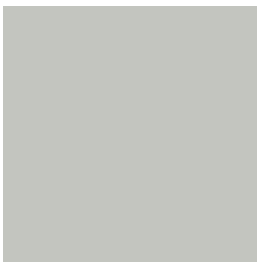

Shadow Line

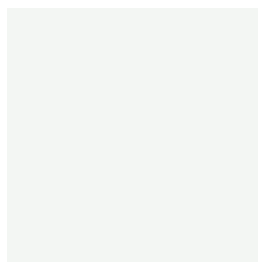

Butt Joined

## Finishes

Clear Anodised

Flat White

Matt Black

## Installation Consideration

- dECO Edge can be cut with a drop saw.
- Pre-cut the lengths of dECO Edge required for the dECO Quiet Panel.
- For a professional finish, mitre the ends at 45 degrees.
- To secure the corners, insert the Corner Aluminium Stake into the channel to join two lengths of dECO Edge.

## Cleaning

Use water with mild soap or detergent to clean any visible marks. Then rinse the surface with plain water and dry with a soft, clean cloth to prevent streaking. Trial on a small, invisible area first.

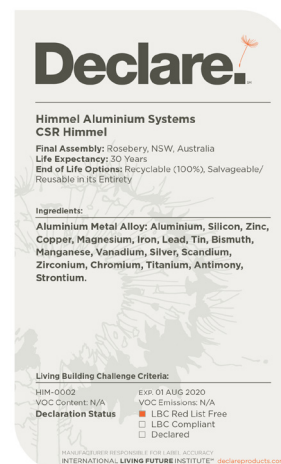

## Warranty

Warranted to be free from any defects in manufacture and materials and shall not materially degrade for a period of 10 years from the date of purchase where dECO Edge is used for internal applications only. This does not extend to the installation of this material, and is conditional upon the installation of the components being carried out in a proper and workman-like manner.

## Environmental Benefits and Credentials

We participates in the Living Building Challenge Declare program. You can make the right product decisions when designing and specifying for your projects by selecting high performance products that have Declare material documentation available.

Declare Labels provide a clear and informative 'nutrition label' for building products. dECO Edge is suitable for use in Living Building Challenge projects.
