

Martini dECO STICK IT

Versatile, self-adhesive acoustic wall tiles

A large, light gray, stylized 'm' graphic that spans the bottom half of the page.

CSR

dECO Stick It

Self-adhesive acoustic tiles designed for use as a decorative pinboard and feature wall. dECO Stick It provides quality sound absorption and create visual interest and intrigue with a variety of tessellating shapes and colours.

- 5 unique designs.
- Tessellating shapes that allow for multiple colours to be used together to create your own pattern.
- Broad range frequency absorption for walls.
- Direct fix with pressure-sensitive adhesive for easy installation.
- Available in 22 colours from our dECO Felt colour range.

Applications

dECO Stick It Tiles are intended for indoor use only. Suitable in a variety of spaces such as offices, meeting rooms, theatres, restaurants, libraries, classrooms and sports halls. Easy and quick installation with peel-n-stick adhesive perfectly design for new build or retro-fit applications.

Decorative Finishes

Have design freedom with our extensive range of 22 colours of the dECO Felt range.

Installation

For product installation instructions, please refer to the CSR Martini installation guide available at csmartini.com.au
